infoLock Technologies Presents "Building the Case for DLP,"
Sponsored by Symantec

Arlington, VA (August 10, 2010)--Leading data security firm infoLock Technologies (ILT) presents "Building the Case for DLP" – a luncheon/seminar for information security professionals highlighting the benefits of Symantec™ Data Loss Prevention (DLP).

Part of ILT's Data Lifecycle Security seminar series and sponsored by industry leader Symantec, "Building the Case for DLP" will feature presentations by ILT and Symantec experts on how Symantec DLP can deliver a unified solution to discover, monitor, and protect an organization's confidential data across endpoint, network, and storage systems.

Participants have the choice of attending one of two regional sessions – August 24, 2010 at The Bull and Bear Club in Richmond, VA or August 25, 2010 at Linwoods Restaurant in Owings Mills, MD. For more details and/or to register, visit www.infolocktech.com/events.

With Data Loss Prevention at the core of its practice, ILT has helped organizations across all industry verticals secure their sensitive data. A Symantec Gold Channel Partner, ILT has also achieved Symantec's DLP Specialization based on its expertise in delivering DLP solutions with a high measurable level of customer satisfaction.

"With a 10% annual growth rate, DLP is fast-becoming one of the most vital technologies in the data security space," said Sean Steele, Senior Security Consultant. "'Building the Case for DLP' will provide a thorough overview of how Symantec DLP can help organizations keep pace with their evolving data security challenges and stay out of the headlines."

About infoLock Technologies

infoLock Technologies (ILT) is a recognized leader in data lifecycle security. Combining technical expertise with business savvy, ILT provides a range of solutions to help its customers – from financial services companies to healthcare organizations to government agencies – secure their sensitive data. Clients include the U.S. Navy, Sharp Electronics, Highmark Blue Cross Blue Shield, Education Management Corporation, and the North Carolina Department of Health & Human Services. Founded in 2005, ILT is a privately-owned company headquartered in Arlington, Virginia. For more information, visit <http://www.infolocktech.com>.
